The Playing Field's partners in support of families

The Playing Field:

High-Quality Early Care and Education

Plumbers Union Local 75:

Career Training Opportunities

The Road Home:

Stable and Affordable Housing

With Support from United Way Dane County and the City of Madison

This new partnership will allow us to...

- expand our East Side capacity from 20 children to 100 children
- increase our ability to train other early educators
- meet a community need for evening care
- offer families support to pursue career training opportunities
- provide a model that others can replicate

Our \$5 million campaign seeks heroes to fund the construction of an innovative new school facility that brings practical, lifelong solutions for the futures of children and families in our community.

Our unique model for early care and education...

- breaks barriers to access of high-quality programs
- minimizes disparity in early education opportunities
- cares for children in a setting that reflects the diversity of our community
- combines children from a wide range of racial and socio-economic backgrounds
- provides trauma-sensitive care
- reduces or eliminates preschool suspensions and expulsions
- addresses high turnover rates of staff in early education settings
- prioritizes early attachments as the basis for all learning
- protects the right of children to play
- strengthens social-emotional learning
